Introduced by:	Reps. Carson Smith, Clemmons, White, K. Baker	Prepared by:	Susan Sitze Alejandro Ramirez Staff Attorneys
Analysis of:	Second Edition		

OVERVIEW: *House Bill 72 would direct The Department of Public Safety in collaboration with the Department of Health and Human Services and the Wildlife Resources Commission to launch a two-year firearm safety program to educate the public on safe storage of firearms and to facilitate the distribution of gun locks.*

[As introduced, this bill was identical to S67, as introduced by Sens. Hanig, Britt, Perry, which is currently in Senate Judiciary. This PCS is identical to the PCS adopted in Senate Judiciary.]

BILL ANALYSIS: The bill would require the Department of Public Safety (DPS) in collaboration with the Department of Health and Human Services (DHHS) and the Wildlife Resources Commission (WRC) to launch a two-year firearm safety awareness initiative (initiative) about safe firearm storage and to facilitate the distribution of free gun locks. DPS would have the option of hiring a third-party entity to launch the initiative.

The initiative would require DPS to:

- Create a website about firearm safety, with information about firearm storage, obtaining free gun locks, hunting, and suicide prevention. It would also provide toolkits for local governments to use in local events and campaigns.
- Develop a plan to spread awareness about the website and provide technical assistance to local communities.

DPS shall report their progress on the initiative to the Joint Legislative Oversight Committee on Health and Human services by September 1, 2024.

The bill would prohibit the use of any money spent on this initiative to be used for advocacy or lobbying for changes to the law.

EFFECTIVE DATE: The act would become effective on July 1, 2023.
